1. The City of Fairfield reserves the right to delete or change the quantity of items listed above.
2. \*Taps – Indicates number of taps to be reinstated. The City will provide the contractor with footage relative to the taps to be reinstated prior to Notice to Proceed.
3. Minimum liner thickness to be 6 mils.

**Examination of Site and/or Documents**

The Bidder declares that he has examined the sites of the work and/or City Documents pertaining to said work and informed himself fully in regard to all conditions pertaining to the place where the work is to be done; that he has examined the specifications and contract documents for the work, and has read all special provisions furnished for the work, and has read all special provisions furnished prior to the opening of bids; and that he has further satisfied himself relative to the work to be performed. The Bidder further declares that he understands that unit quantities shown in the Proposal are approximate only, are subject to increase or decrease, and that should the quantities of any of the items be decreased, the undersigned will make no claim for anticipated profits

**Time of Commencement and Completion**

This Contract shall remain in effect for three hundred and sixty-five (365) consecutive calendar days from the date of acceptance of the low bid by the Owner. The Bidder agrees hereby to commence work with an adequate force and equipment to perform designated work within one hundred eighty (180) calendar days of award of the contract and shall give a minimum of five (5) calendar days notice before any work shall commence. Written notice by the owner shall immediately follow the verbal notification; this notice shall describe the work task anticipated.

If the Contractor fails to complete the work within the time stated, liquidated damages will be deducted from any money due the Contractor at the rate stated in Sec. 108.07 of the most recent State of Ohio Department of Construction and Material Specifications. The ODOT specification is made part of the project specifications by reference

**Performance**

Should for any reason the successful Bidder not be able to begin work within two (2) days of verbal notification (or within a time that has been mutually agreed upon by both parties), the Owner reserves the right to immediately have another firm (or the Owner) perform the identified work (as described within the written notification and as needed to complete the work required); the cost of this work shall be borne by the successful Bidder. If such costs are incurred, the Owner may utilize Bond monies for payment if the successful Bidder does not make payment to the Owner within thirty (30) days of notification.

By mutual agreement (Owner and Bidder), identified work can be done by another firm whereby such costs are borne by the Owner.

1. The City of Fairfield reserves the right to delete or change the quantity of items listed above.
2. \*Taps – Indicates number of taps to be reinstated. The City will provide the contractor with footage relative to the taps to be reinstated prior to Notice to Proceed.
3. Minimum liner thickness to be 6 mils.

**Examination of Site and/or Documents**

The Bidder declares that he has examined the sites of the work and/or City Documents pertaining to said work and informed himself fully in regard to all conditions pertaining to the place where the work is to be done; that he has examined the specifications and contract documents for the work, and has read all special provisions furnished for the work, and has read all special provisions furnished prior to the opening of bids; and that he has further satisfied himself relative to the work to be performed. The Bidder further declares that he understands that unit quantities shown in the Proposal are approximate only, are subject to increase or decrease, and that should the quantities of any of the items be decreased, the undersigned will make no claim for anticipated profits

**Time of Commencement and Completion**

This Contract shall remain in effect for three hundred and sixty-five (365) consecutive calendar days from the date of acceptance of the low bid by the Owner. The Bidder agrees hereby to commence work with an adequate force and equipment to perform designated work within one hundred eighty (180) calendar days of award of the contract and shall give a minimum of five (5) calendar days notice before any work shall commence. Written notice by the owner shall immediately follow the verbal notification; this notice shall describe the work task anticipated.

If the Contractor fails to complete the work within the time stated, liquidated damages will be deducted from any money due the Contractor at the rate stated in Sec. 108.07 of the most recent State of Ohio Department of Construction and Material Specifications. The ODOT specification is made part of the project specifications by reference

**Performance**

Should for any reason the successful Bidder not be able to begin work within two (2) days of verbal notification (or within a time that has been mutually agreed upon by both parties), the Owner reserves the right to immediately have another firm (or the Owner) perform the identified work (as described within the written notification and as needed to complete the work required); the cost of this work shall be borne by the successful Bidder. If such costs are incurred, the Owner may utilize Bond monies for payment if the successful Bidder does not make payment to the Owner within thirty (30) days of notification.

By mutual agreement (Owner and Bidder), identified work can be done by another firm whereby such costs are borne by the Owner.
