- Additional items of notes:
 - City Counsel has approved the construction of landminium's across the street from the library diagonally from the Village Green. This field is used as over-flow parking by Groovin, Red White and Kaboom, and other events held at the Green. There is a campaign started to work with local businesses to have alternate over-flow parking access, once the construction begins.
 - The design of the landminiums does not appear to be geared to senior living housing.
 - Apparently, the planned senior living construction on Patterson Blvd, has been tabled.
 - There is a Bourbon Tasting scheduled for May 29th at the South Trace golf course. There will be 4 bourbons available for tasting, food and acoustic guitar for \$30/person.
