Proposed Changes to the City's Storm Water Quality Management Plan

Staff updates are proposed to the City's Storm Water Quality Management Plan. In conjunction with these updates, revisions are proposed to the following sections of Fairfield's Codified Ordinances:

- Chapter 925 – Sewers
- Chapter 1117 – Storm Drainage and Sediment Control
- Chapter 1182 – Detention/Retention Requirements
- Chapter 1196 – Excavation and Filling of Land

Due to large volume of these documents, they may be viewed on the City of Fairfield's website at <http://www.fairfield-city.org/devservices/manual.cfm> (Storm Water Management Plan Draft and Storm Water Management Plan Ordinance Draft Changes).

Town Center Signage

Discussion of the Town Center sign guidelines per a request from the Design Review Committee.
