

Fairfield Recycles!

Overflowing Bin?

City of Fairfield residents are recycling more than ever before. To help accommodate the growing amount of recyclables placed at the curb each week, the City of Fairfield has teamed up with Rumpke Recycling to offer occupants of single family homes and condominiums the following recycling container options:

18-Gallon Bin

65-Gallon Cart

■ Residents can request an additional 18-gallon red, recycling bin. There is no additional cost for the second bin. Residents can pick up a bin from the Fairfield Municipal Building at 5350 Pleasant Avenue.

■ Residents can also request a larger 65-gallon wheeled recycling cart from Rumpke. These carts hold nearly four times more material than the traditional red bins. Carts also have a lid to help keep rainwater and animals out. Carts can be purchased directly from Rumpke for \$85 (plus tax) or leased for \$30 a year (billed annually). Purchased recycling carts can be picked up at Rumpke or delivered for an additional \$20. There is no delivery fee for leased carts. To order, please contact Rumpke directly at 800-582-3107. Carts will be delivered or available for pick-up in mid-September. The new cart program is scheduled to begin October 1, 2009.

Recycling Drop Boxes

In addition to curbside recycling, free drop box recycling is available in Fairfield. Recycling drop boxes are conveniently located throughout the City:
