## CITY'S ANNUAL DRINKING WATER QUALITY REPORT IS ONLINE!

Fairfield's Water Division recently published the City's Consumer Confidence Water Quality Report for 2023. It is available online at: [www.fairfieldoh.gov/2023waterqualityreport](http://www.fairfieldoh.gov/2023waterqualityreport).

All utility customers received information about the annual report and how to access it on their recent water bills. Hard copies of the report are also available at the Municipal Building at 5350 Pleasant Avenue. The report contains important information about the source and quality of Fairfield's water.

Fairfield is required to test its water regularly to ensure its safety. In 2023, Fairfield's drinking water met all federal and state standards as established by the U.S. and Ohio Environmental Protection Agencies. At no time did testing find contaminants exceeding acceptable levels.

## New Charging Stations Coming Soon

The City of Fairfield has been approved for funding by the Ohio Kentucky Indiana Regional Council of Governments for the installation of electric vehicle charging stations at the Lane Library, Harbin Park, and Waterworks Park. OKI approved funding for \$126,945 in federal Carbon Reduction funds and Ohio Toll Revenue credits. This covers 100% of our estimated costs for this project. OKI is helping local communities awarded federal funding by supplying the 20% local match on our behalf.

Public Works will work with ODOT on the implementation and plans to start the project later this year and have them operational by late 2024, early 2025.

We'd like to recognize our City Engineer, Nick Dill for his efforts in putting this grant application together. Nick was also previously successful in getting a grant for the City's first public EV charging station at the Community Arts Center and for coordinating the installation.

March 26, 2024

Mr. Nicholas Dill, City Engineer  
City of Fairfield  
8870 N. Gilmore Road  
Fairfield, Ohio 45014

Dear Mr. Dill,

I am pleased to inform you that the OKI Executive Committee has approved the request from the City of Fairfield to fund the installation of electric vehicle charging infrastructure at the Fairfield Lane Library, Harbin Park, and Waterworks Park.

The project was approved for a total of \$126,945 in federal Carbon Reduction Funds. Ohio Toll Revenue Credits (TRC) are being provided in lieu of local match. OKI is proud to support transformative projects that help our region make the transition to electric vehicles.

Sincerely,

  
Gary W. Moore  
President

## FAIRFIELD CAREER FEST INSPIRES WORKFORCE OF TOMORROW

For the third consecutive year, Fairfield Career Fest exposed approximately 1,500 juniors and seniors at Fairfield High School to career opportunities in the Fairfield area. More than 50 local businesses, educational providers, and workforce organizations packed the high school arena to engage with students about both near and long term job opportunities in manufacturing, healthcare, financial services, and many other fields. Public service careers for the City of Fairfield were also highlighted, including police and fire career paths.

## Public Pharmacy Celebrates Opening

A new pharmacy recently celebrated its opening with a ribbon cutting. Known as Public Pharmacy, the business is located at 6601 Dixie Highway near Lisa's Kitchen. Founded by Dr. Rabi Ghimeray, PharmD, MS, and Bhima Kharel, RN-BSN, the business has a stated vision to provide the highest quality healthcare products, compassionate care, and innovative solutions to better the lives of its customers.

**Indian**  
MOTORCYCLE

## INDIAN MOTORCYCLE NOW OPEN ON ROUTE 4

America's oldest motorcycle brand is now open on Route 4 at 4951 Dixie Highway. The new location offers sales of new Indian Motorcycles, a brand largely manufactured in the United States. Long-time residents may remember this site as the location of Duff's Smorgasbord, the Fairfield Justice Center, and most recently the Collector's Warehouse.

## Blue Cottage Expands Hours

Located in the northern section of the Route 4 corridor, the Blue Cottage is a unique place to shop for vintage items, antiques, homemade crafts, and furniture. The shop, which offers items from nearly 20 different vendors, recently expanded its hours to include Sundays.

## Removing Dead Trees

For many years, Fairfield has taken pride in being designated as a Tree City USA community. The past few years have been difficult for trees in our area however. Between invasive insects, tree diseases, and the ever-worsening effects of climate change leading to extreme weather, many trees in our community are struggling to survive.

In public areas such as parks and public buildings, City crews trim or remove dead or dying trees. On private property, per the City's codified ordinances, it is the responsibility of property owners to have dead or dying trees removed.

Dead or dying trees are eyesores for individual properties and for the neighborhood at large. They can attract other insects and vermin, create negative curb appeal, and ultimately harm property values.

Dead trees also present serious safety concerns. Once a tree has died, it can quickly begin deteriorating and losing stability. When this occurs, it can pose a safety risk to property owners, neighbors, and visitors and a serious threat of damage to nearby property. These situations create significant liability concerns for property owners. Additionally, if the cause of tree death is invasive insects or tree disease, then leaving the dead tree on the property may promote the spread of tree insects or diseases to nearby healthy trees.

In some cases, trees that are struggling may be able to be saved with timely assistance from a landscaper or arborist. Waiting too long, however, will likely result in the need to remove it. The cost to remove a large dead tree can be high. Property owners are advised to plan ahead and prepare for this cost.

The Fairfield Parks and Recreation Department and MetroParks of Butler County have partnered to deliver FREE nature programming in the City's parks and facilities.

## CREEKING IN THE PARKS

Water isn't just fun to play in, it can also tell you a lot about the environment. Join us to see what we can learn about your watershed and what creatures we can find in it. Then we will use nets and our hands to explore the creek and learn about the water quality.

**Date:** Saturday, July 13

**Time:** 10 - 11 a.m.

**Location:** Behind the Fairfield Family YMCA

**FREE and open to all ages!**

**Walk-ins are welcome.**

## FOSSIL FIND

Think rocks are boring? We will change your mind as we go on a short hike to search the creek for fossils that will tell an epic tale of how Cincinnati looked 450 million years ago. From animals to the environment and everything in between, there is so much you can learn from a simple rock.

**Date:** Saturday, Aug. 17

**Time:** 10 - 11 a.m.

**Location:** Point Pleasant Park

**FREE and open to all ages!**

**Walk-ins are welcome.**

## ENVIRONMENTAL PROGRAMS

### Chipping Program

The Parks and Recreation Department will be accepting limbs and brush on the following dates:

**Saturday, July 13, 8 a.m. – Noon | Saturday, August 10, 8 a.m. – Noon**

Limbs and brush can be dropped off at the site on Groh Lane just past Waterworks Park. During these months there will not be any mulched chippings available for the public.
