## Maynard promoted to Chief

After a recruitment and selection process that started last November, Fairfield Police Lt. Stephen B. Maynard has been chosen as the next Police Chief for the City. Chief Maynard started on February 26, succeeding Mike Dickey, who retired after 19 years.

“Steve has risen through the ranks and evolved into an outstanding leader and law enforcement professional,” said Mark Wendling, City Manager. “He and I share a common vision of the future for the Department.”

Chief Maynard's service began with the Department in 1999 as an officer. He was promoted to sergeant in 2008 and then lieutenant in 2015. Most recently commander of the Department's day-to-day operations, he has been overseeing patrol officers, park rangers, and animal control officers. He has also served as a detective, field training officer, firearms instructor, and member of the Hamilton-Fairfield SWAT Team. In 2014, Chief Maynard was awarded the Police Medal for leadership in a dangerous tactical situation.

A Summa Cum Laude graduate of Ashland University with a bachelor's degree in criminal justice, Chief Maynard is also a graduate of the prestigious Federal Bureau of Investigations National Academy in Quantico, Virginia and Northwestern University Center for Public Safety in Evanston, Illinois.

“Our Police leaders and officers have been focused on developing and maintaining a good relationship with the citizens of Fairfield whom we are responsible to protect and serve,” said Chief Maynard. “I am dedicated to this community and very much look forward to leading the Department's continued strong service to residents.”

## Fire Department now deploying bulletproof vests

**B**allistic vests were recently purchased from Point Blank Body Armor and are now part of daily equipment on all of the Fire Department's vehicles, according to Deputy Fire Chief Tom Wagner.

The vests are to protect firefighters and paramedics when they are called to assist in potentially violent situations, emulating the trend of many fire departments across the nation.

"We have 44 vests distributed by various sizes to each of our three fire stations," Wagner said. "Each morning, every crew member on duty is required to select the appropriate size vest and place it on their assigned vehicle, so they have access throughout their entire shift."

The vests are red and have panels on the front and back marked "Fire" to easily distinguish fire department personnel from law enforcement personnel. Vest usage is mandatory when crew members are dispatched for situations involving weapons, assaults, domestic violence and establishments that serve alcohol.

The dates for the spring months are April 14, May 12, June 9, and July 14. The time that you can drop off your limbs is from 8 am to noon. Limbs and brush can be dropped off at the site on Groh Lane just past Waterworks Park. During these months there will not be any of the mulched chippings available for the public to have. The Farmers Market takes place at Village Green Park on Wessel Drive and is open from 5 PM to 7 PM.

## Living Legacy Tree Program at Creekside Park

There are over 45 different species of trees to choose from and several different levels to pick from depending on what type of tree you select. A 30" x 24" cast bronze plaque will be installed in a centralized area located by the benches in the middle of the grove at Creekside Park. The individuals name will be added to the large plaque for recognition.

## Pickleball available

The Fairfield Parks and Recreation Department is getting the ball rolling on joining the ranks of communities that are latching onto one of the hottest sports. Pickleball is a sport in which two, three, or four players use solid paddles made of wood or composite materials to hit a perforated polymer ball, similar to a whiffle ball, over a net. The sport shares features of other racquet sports, the dimensions and layout of a badminton court, and a net and rules similar to tennis, with a few modifications. Pickleball was invented in the mid 1960s as a children's backyard pastime but quickly became popular among adults as a fun game for players of all levels. The courts striped for Pickleball are located on the tennis courts at Harbin Park, Waterworks Park and Gilbert Farms Park.

SUMMER #1 2018

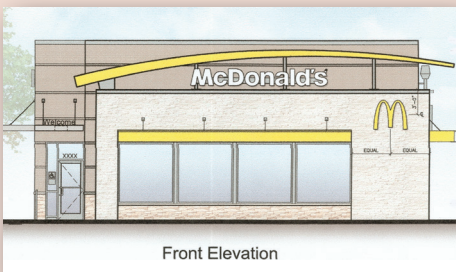

## Rebuilding McDonald's on Nilles Road

Since March when it was torn down, McDonald's on Nilles Road has been in the process of a rebuild that is expected to take about 100 days.

Built in 1976, this location is one of the highest-grossing in the United States. It is also the 13th busiest drive thru in the country and 48th in total guests out of 13,000 free-standing McDonald's restaurants.

Owner Patrick Pawling said he is "focused on building a beautiful site and restaurant for our customers. The community has been so loyal to our restaurant over the years and we are determined to impress them with a new vision for the future. Our passion is for our customers and our community. They deserve the best!"

The new building will feature a modern design with a brick and stone facade and the bright yellow arch with McDonald's logo accents. The rebuild will maintain the two-lane drive thru and includes new landscaping.

## CITY NEWS BRIEFS

### Fairfield is beautiful!

The Cincinnati Horticultural Society gave Fairfield an award for beautification efforts at its annual event in the fall. It was the Gardener Recognition Award and our partners from the Four Seasons Garden Club were the nominators.

Several pictures of Village Green landscaping and other spots around the City were featured in the presentation, which also noted:

"The quality of life in Fairfield is enhanced by the wonderful gardens planted throughout the community. Colorful annuals are added to tree, shrub and perennial areas as seasons change to ensure year-round enjoyment."

### Snow removal statistics

Through January 31, City road treatment due to snow and ice storms used 2,551 tons of salt and 9,513 gallons of calcium. Last year during the same time period, a much smaller amount was used – 1,062 tons of salt and 2,448 gallons of calcium.

### Financials rated excellent

For the 30th year, the City's financial reporting received an excellence rating from the Government Finance Officers Association. This rating is similar to an accreditation as it acknowledges meeting high standards for government accounting and financial reporting.

### Certifications

Three members of the Public Utilities Department recently earned new operator certifications through the Ohio Environmental Protection Agency (EPA). These certifications demonstrate advanced proficiencies in the operation of public water and wastewater treatment works. New certifications were issued to Craig Clements and Chris Croucher, Class 3 Wastewater Operators, and Fred Schlichter, Class 3 Water Supply Operator.

### Street resurfacing coming up

Paving of some residential streets is set to start this spring. These areas include Lake Mead/Lake Manor and Chesapeake Way with Arcade and Horning.

## Spring + house projects = permits

As spring arrives, the Building Department reminds you that while the return of favorable weather means various house projects, it also means building permits & inspections!

Contrary to popular belief, building officials and inspectors are not out to make your lives difficult, nor are building permits difficult, expensive, or a waste of time. These permits exist to ensure YOUR SAFETY and ensure you are meeting code requirements.

Applying for and obtaining a residential building permit for your project is simple and easy... Applications are available for download on our website [www.fairfield-city.org](http://www.fairfield-city.org). Go to the City Services pull-down menu, select Development Services, then select Building & Zoning Division, then select Building Permits. On this page you will find helpful information about what type of projects require building permits, permit fees, and links to

download a permit application. Once your permit application is filled out, bring it back to the Building & Zoning Office located in the Municipal Building at 5350 Pleasant Avenue. Permit fees are due after review, when you pick up your approved permit, and required inspections are included in the fee.

Examples of projects requiring a permit:

- Fences
- Renovations/alterations to your house
- Re-roofing
- Finishing basements
- Additions
- Decks
- Porches
- Pools
- Garages
- Sheds
- Retaining walls
- Antennas/towers
- Children's play equipment (swing-sets, slides, etc.)

It is always best to assume you need a building permit for any project you plan to undertake, unless the Building & Zoning staff informs you otherwise. The City has a knowledgeable, experienced, and friendly staff available and eager to help residents. Feel free to contact staff with any questions or stop in at the Municipal Building and ask to speak with an inspector or the building official.

**NOTE:** Please make sure to remind your contractors to obtain a permit from the City for any work done on your house, because you as the homeowner are ultimately responsible for having the permit.
