FREQUENTLY ASKED QUESTIONS

What is the City Natural Gas Aggregation Program?

Under the City Natural Gas Aggregation Program, the City acted on behalf of its residents and small businesses to select a natural gas supplier who, through the power of volume buying, is able to secure natural gas at competitive rates. The Public Utilities Commission of Ohio (“PUCO”) has taken steps to ensure that Ohio’s competitive natural gas environment is consumer-friendly. Voters in the City approved this aggregation program and the City Council passed an ordinance adopting this Natural Gas Aggregation program.

The City has selected AEP Energy as their preferred natural gas supply provider to serve their residents and small businesses beginning with your next available meter read date and continuing until your October 2026 meter read date.

Who is AEP Energy? AEP Energy is a certified retail electric and natural gas supplier and a subsidiary of American Electric Power Company, Inc. (AEP). With an office located in Columbus, Ohio, AEP Energy supplies natural gas to customers at a fixed rate rather than variable rates offered by your local utility.

Why did the City select AEP Energy as its provider? The City selected AEP Energy because they were able to propose a program that represented the best overall value for eligible households and businesses.

How do I enroll? You don’t have to do anything to enroll. All eligible customers will be automatically included in the program unless you choose to opt out. If you opt out, you will continue to be served by your local utility’s standard service offer or until you choose an alternative natural gas service provider. However, if you do not respond to this letter, the local utility will complete the enrollment process. As a part of the enrollment process, you will also receive a notice from your local utility, Duke Energy Ohio, confirming your decision to enroll with AEP Energy. Simply review the letter - if you are pleased with the City Natural Gas Aggregation Program, simply ignore that letter. No deposits are required to enroll.

When will this program start? The City Natural Gas Aggregation Program will begin with your next available meter read date and continue until your October 2026 meter read date.

What is my price? City of Fairfield has ensured that, beginning with your next available meter read date and continuing until your October 2026 meter read date, you will receive a natural gas supply rate of \$0.6499 per Ccf.

Where do I send payment? You will continue to receive one bill each month from Duke Energy Ohio, your local utility. The amount that you owe to AEP Energy will be stated separately on your bill and you will continue to send payments to your local utility only.

Is budget billing available? Yes, you can arrange Budget Billing through Duke Energy Ohio.

Can I cancel at any time? Yes, you may cancel without penalty and switch to another provider or revert back to Duke Energy Ohio, the local utility. Should you cancel your service with AEP Energy and return to standard offer service with your local utility, you may or may not be served under the same rates, terms, and conditions that apply to other utility customers. You will also be provided the ability to opt out every two years without penalty.

What happens at the end of the program? As the program draws to a close, the City can choose to seek bids from natural gas providers in order to negotiate a new contract on behalf of eligible households and businesses. If at that time, the program has not produced the benefits originally anticipated for customers, the City can also choose to end the program, at which time participants would be notified of their options for continuing in a different program with AEP Energy, switching to another provider, or reverting back to the local utility.

Why is this an opt-out program? It enables AEP Energy to offer a lower group rate based on the City’s size.

If I opt out initially, can I choose to join the program at a later date? Yes, if you opt out initially and change your mind later on, you may join by calling AEP Energy at 1-888-659-3888 or by visiting AEPenergy.com/aggregation

What happens if I move? If you move to another location within the City of Fairfield, you will be able to continue participating in the program. If you leave the City of Fairfield, you will no longer be eligible to participate.

What is considered a small commercial business? A small commercial business has an annual consumption less than 5,000 Ccf or 500 Mcf per year and must be a non-mercantile customer as defined by Ohio Administrative Code.

Unless you affirmatively opt out by September 16, 2025, you will be automatically enrolled if you: a) have an eligible residence located in the specified City receiving natural gas service from Duke Energy Ohio or AEP Energy (in the Duke Energy Ohio service territory) and b) are not enrolled in the PIPP program. Participation in the program is subject to the Terms & Conditions of the Agreement between the City and AEP Energy. ¹AEP Energy’s natural gas price excludes certain taxes, utility distribution charges and other utility charges and fees. There is no guarantee of savings under the Aggregation Program. You may terminate your agreement early without penalty. TERMS AND CONDITIONS. These terms and conditions of enrollment in your community's natural gas aggregation program (the "Program") are disclosed to you pursuant to Section 4929.26(D) of the Ohio Administrative Code and Section 4901:1-28-04 of the Ohio Administrative Code (these "Terms and Conditions") and govern your Retail Natural Gas Service with AEP Energy, Inc. ("AEP Energy"). Please keep a copy for your records. AEP Energy is certified by the Public Utilities Commission of Ohio ("PUCO") to offer and supply Retail Natural Gas Service in Ohio. As a Competitive Retail Natural Gas Service ("CRNGS") provider, AEP Energy will supply Retail Natural Gas Service to the interconnection (the "Delivery Point") of your local natural gas public utility or any successor entity that distributes natural gas to you ("NGDC") based on your consumption and pursuant to these Terms and Conditions. Your local natural gas public utility will continue to be your NGDC. All of your Retail Natural Gas Service will be supplied and delivered under the Program, which is governed by the Government Aggregation Master Retail Natural Gas Supply Agreement between the relevant government aggregator (the "Government Aggregator") and AEP Energy (the "Program Agreement"). You participate in the Program either by (1) not electing to opt out of the Program (i.e., by not returning a completed Program "opt-out" election form (as included in any informational letter provided with these Terms and Conditions) or by not otherwise contacting AEP Energy as prescribed) or (2) being an eligible customer residing in the relevant jurisdictional territory applicable under the Program Agreement (not otherwise included in the most recent "opt-out" process) that agrees to be subject to these Terms and Conditions (i.e., "opts-in" to the Program), in each case, subject to any exercise of your rescission right (as described under "Right of Rescission"). Your NGDC then distributes or delivers the natural gas to you. Your Distribution Service will remain with your current NGDC, which is regulated by the PUCO. Your NGDC also will continue to read your meter, provide your monthly bill and respond to emergencies. The words "we," "us," and "our" refer to AEP Energy, and the words "you" and "your" refer to the customer.

CERTAIN DEFINITIONS. "Competitive Retail Natural Gas Service provider" or "CRNGS provider" means an entity that sells commodity natural gas to retail customers in Ohio. "Retail Natural Gas Service" means the provision of natural gas to retail customers. "Non-bypassable utility costs, charges, and

fees" means those NGDC charges and fees payable by you regardless of whether the NGDC or a CRNGS provider provides Retail Natural Gas Service. "Distribution Service" means the physical delivery of natural gas to customers by the NGDC. "Billing Cycle" means, with respect to a customer account, the monthly period between meter read dates during the Term.

RIGHT OF RESCISSION: Once you have been enrolled to receive Retail Natural Gas Service from AEP Energy, your NGDC will send you a confirmation letter. You have the right to rescind your enrollment without penalty within seven (7) business days following the postmark date of the confirmation letter by contacting your NGDC orally or in writing and following the instructions contained in the letter.

OTHER IMPORTANT DISCLOSURES. The pricing contained herein may be inclusive of a broker fee. **Price Comparison Qualification:** Please be advised that the NGDC's standard offer service rates generally change from time to time. AEP Energy therefore does not provide any guarantee of savings in comparison to the NGDC's standard offer service rates during the Term. If you received any price comparison(s) in connection with your enrollment, by participating in the Program, you understand and agree that AEP Energy has informed you that no guarantee of savings during the Term is being provided.

1. Eligibility. Customers must reside within the relevant jurisdictional territory applicable under the Program Agreement. Residential customer accounts that are on residential rates codes and small commercial customers with annual consumption less than 5,000 Ccf or 500 Mcf per year that are not enrolled in the Percentage of Income Payment Plan Plus Program (PIPP Plus) are eligible for participation in the Program. AEP Energy will refuse enrollment to any customer who is not current on their Non-bypassable utility costs, charges, and fees, unless the customer has entered into a plan with their NGDC to discharge any arrearages owed to the NGDC.

2. Price. Starting with the first Billing Cycle of through the last Billing Cycle of the "Term" (as listed in the table above), you agree to pay AEP Energy the price stated in the table above under "Retail Natural Gas Service Charges" for each one hundred cubic feet ("Ccf") or all one thousand cubic feet ("Mcf")

(as may be applicable) of all applicable Retail Natural Gas Service metered by the NGDC.

In connection with (1) the NGDC's conversion to a Standard Service Offer (SSO) Service model, as approved by the Public Utilities Commission of Ohio (PUCO) in December 2024 (the "SSO Service Conversion"), and (2) any change to Columbia Gas Transmission's final approved tariff rates, including, without limitation, for storage and transportation costs, as compared to its settlement rates ("TCO Tariff Rate Change"), AEP Energy will pass through, in a commercially reasonable manner at no additional mark-up and in consultation with the Government Aggregator's consultant, a price adjustment for any cost savings or increased costs hereunder, as applicable and if any, related to the SSO Service Conversion, including, without limitation, related to the cost of interstate/intrastate capacity released by the NGDC to AEP Energy, or the TCO Tariff Rate Change.

You are responsible for, and your price does not include, any and all applicable state and local taxes and/or Non-bypassable utility costs, charges, and fees, which will be billed by the NGDC. In addition to AEP Energy's charges, you will be charged by your NGDC for Distribution Service and other Non-bypassable utility costs, charges, and fees. The PUCO does not regulate AEP Energy's prices. Note that if, due to a change in market conditions, we wish to lower the price per Ccf or Mcf charged to you under these Terms and Conditions, we may do so without your consent, provided there are no other changes to these Terms and Conditions. In the event of any new, or any change in any existing, law, statute, rule, regulation, order, decision (including any judgment or judicial decision), decree, tariff, charge, or rate class, or process, practice, procedure, protocol, design, or structure, or other event, including any change in any formula rate calculation or charge or any change in any interpretation or application of any of the foregoing, by any governmental authority, court, NGDC, other transporter, or other regulated service provider (a "Change in Law"), where such Change in Law results in AEP Energy incurring additional or increased costs or expenses or other adverse economic effects relating to providing the services contemplated herein (collectively, "Additional Costs"), then AEP Energy may pass through to you any such Additional Costs. Furthermore, Additional Costs may be assessed to you as prescribed by the PUCO.

3. Term (Length of Service). Your service from AEP Energy will begin on the start of service date determined by the NGDC, and these Terms and Conditions shall be considered effective, following: (a) the end of the seven (7) business day rescission period and (b) acceptance of your enrollment by your NGDC, and will continue for the Term (as listed in the table above), unless otherwise terminated or expired, ending on the date your NGDC effectuates your switch back to NGDC standard offer service or to another CRNGS provider. Your meter read date and the date of initiation of service are determined by your NGDC; therefore we are not liable for any resulting delay in commencement of your service. These Terms and Conditions do not automatically renew.

4. Billing. Unless AEP Energy notifies you otherwise, you will continue to receive a single bill, typically on a monthly basis, from your NGDC that will contain both your NGDC and AEP Energy charges (and you acknowledge that your billing and payment information may be provided to AEP Energy). Your NGDC's normal billing standards apply, including budget billing. You will be responsible for payment of the utility consolidated bill in accordance with applicable NGDC billing rules and procedures. Failure by you to pay your NGDC bill or meet any agreed-upon payment arrangement could result in service termination in accordance with your NGDC's tariff and the termination of your receipt of Retail Natural Gas Service from AEP Energy. Upon termination or expiration, you will be returned to your NGDC's

applicable tariff service or you may switch to another CRNGS provider. AEP Energy reserves the right to issue an invoice to you directly. Such invoice would contain AEP Energy's charges for Retail Natural Gas Service and may also contain any and all applicable taxes and Non-bypassable utility costs, charges, and fees. If at any time AEP Energy must send you a bill directly for Retail Natural Gas Service provided under these Terms and Conditions, and if you do not pay the full amount owed to AEP Energy by the due date of the bill, a late payment fee with respect to amounts owed to AEP Energy of one and one-half percent (1.5%) of the outstanding balance per month, or the maximum legally allowed interest rate, whichever is lower, until such payment is received by AEP Energy, will apply. If AEP Energy bills you directly for Retail Natural Gas Service, AEP Energy may terminate Retail Natural Gas Service with fourteen (14) calendar days' written notice should you fail to pay the bill or meet any agreed-upon payment arrangements with respect to amounts owed to AEP Energy.

5. Switching Fees. AEP Energy will pay any currently-charged switching fee charged by your NGDC pursuant to its PUCO-approved tariff.

6. Cancellation/Termination Provisions/Failure to Pay. If Retail Natural Gas Service are not rescinded during the rescission period, your enrollment will be sent to your NGDC. You may terminate your participation in the Program, without penalty, if you move outside the relevant jurisdictional territory applicable under the Program Agreement. You will remain responsible to pay AEP Energy for any commodity natural gas supply used before your Retail Natural Gas Service is cancelled or terminated for any reason, as well as any late fees (if applicable as described in the "Billing" section above). Should you cancel service with AEP Energy and return to standard offer service with your NGDC, an NGDC switching fee may apply under the NGDC's tariff, and the NGDC may charge a price for your service other than the standard rate that applies to other NGDC customers.

7. Your Consent and Information Release Authorization. By participating in the Program, you understand and agree to these Terms and Conditions. You authorize AEP Energy to obtain information from the NGDC that includes, but is not limited to: your billing history, payment history, historical and expected natural gas usage, meter-readings, characteristics of natural gas service, address, telephone number, and account number(s) for purposes of operation, maintenance, assignment, and transfer of your account.

8. Expiration. These Terms and Conditions will automatically expire on the earlier of the following dates: (A) at the end of the Term; (B) when the Program Agreement is suspended, is terminated, or expires; or (C) upon mutual written agreement between AEP Energy and the Governmental Aggregator, where permitted by the Governmental Aggregator's plan of operation and governance. As prescribed by the PUCO, at least every two (2) years, you will be given the opportunity to "opt-out" of the Program at no cost. You are responsible for arranging your natural gas supply upon the expiration of these Terms and Conditions.

If a Force Majeure Event occurs which renders AEP Energy unable to perform in whole or in part under these Terms and Conditions, our performance under these Terms and Conditions shall be excused for the duration of such event.

AEP Energy assumes no responsibility or liability for the following items that are the responsibility of the NGDC: operation and maintenance of the NGDC's system, any interruption of service, termination of service, or deterioration of the NGDC's service. In the event of a loss of service, you should contact your NGDC. AEP Energy reserves the right to re-price the applicable account(s). Consistent with the applicable PUCO rules, any notice, demand or other communication to be given hereunder, including, without limitation, any termination notice, shall be in writing and sent to the address or email address maintained on file for you.
