

HOW TO  
MAKE A

# Pom Pom American Flag

## Supplies:

- Red, White & Blue pom poms or cotton balls
- Jumbo Craft Stick - 6
- Regular Craft Sticks - 2
- Glue (we used a hot glue gun)

1. Lay the 6 jumbo craft sticks next to each other and glue the 2 regular craft sticks (one on each end) across them to hold them together.
2. Spread glue on the bottom craft sticks and line it with red, white and blue pom poms.

## Extend The Learning:

As your child is making the craft, have him or her count the number of pom poms that he or she is using and create color patterns
