

# SHINY 3-D Stars

## Materials:

Printout of star shapes  
Tape  
Aluminum foil  
Washable Paint  
Paint brush  
Scissors

## Cutting out the Stars

1. Cut out the stars from the paper and foil
2. Tape or glue the foil star to the back of the paper star

## Folding into 3-D Stars

1. To get the 3-D effect, you fold the solid lines one way and the dashed lines the other way.

Now you're ready for painting! Let the kids be creative. If you want red, white, & blue rather than purple or pink, be sure to give out one colors at a time.
