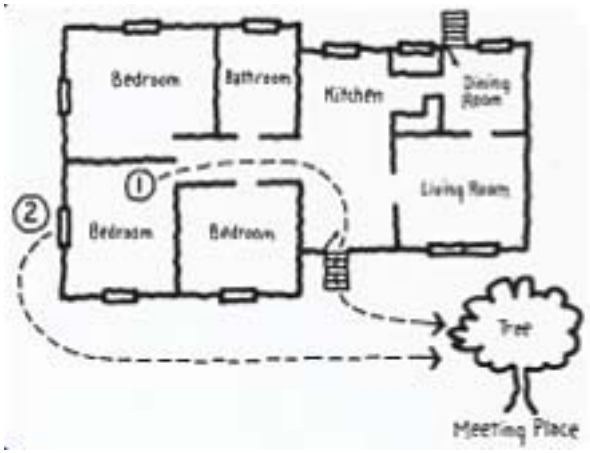
Home Fire Escape Plan

1. Get your family together and draw a floor plan of your home, marking all window and doors.

2. Show two ways out of each room in case your main route is blocked by smoke or flames. Make sure windows can be opened easily.

3. Agree on an outside meeting place where every family member will wait for the fire department.

4. Install smoke alarms in or near every sleeping area and on each level of your home.

5. Practice your plan at least twice a year.


6. Once out, stay out! Don't go back inside for any reason.
