## ZONING YARD SIGN

The applicant is responsible for contracting with a licensed sign vendor for the erection of a 4 feet by 8 feet sign on the subject property which is being proposed for rezoning. It is the applicant's responsibility to re-erect the sign if damaged or vandalized. When there are multiple parcels, the need for multiple signs may be required. This will be determined by the City of Fairfield Development Services Director on a case by case basis.

The design of the sign is as follows:

- 4 feet by 8 feet
- White background
- Text for the sign shall be approved by the Development Services Director prior to fabrication
- Sign shall not be erected within the City right of way nor in a manner which poses a sign visibility problem for pedestrians or motorists.
- Sign to be placed prominently in the front yard of the property

The sign is to be erected a minimum of five (5) days prior to the first reading of the ordinance by City Council. Failure of the sign erection meeting the above time requirement will delay the first reading. The sign is to be removed from the premises prior to the third reading of the ordinance by City Council.
