Grass Cutting Specification

The City of Fairfield is requesting proposals from responsible parties for grass cutting, trimming, and grass clipping removal for various publicly owned properties.

Performance of Services and Requirements

All services are to be performed in a professional manner. Contractor is to provide all supervision, materials, labor, equipment, service, operations and expertise required to perform grass mowing and lawn maintenance for the Fairfield Parks Department. The successful bidder shall submit a list of employees who will perform a service under this contract. The list shall give the name, social security number and date of birth.

No contract will be awarded to any person, firm or corporation that is in arrears to the City of Fairfield, Ohio upon any debt or contract, or who has failed to execute in whole or in part, in a satisfactory manner, any contract with the City, or who is a defaulter as to surety or otherwise upon any obligation to the City of Fairfield.

The City reserves the right to award a contract to a Contractor other than the lowest bidder when it is in the best interest of the City to do so. After review of the bids and solely at City's discretion, City reserves the right to reject all or portions of the bid.

As part of the Proposal, Bidder must complete the "Affidavit of Contractor or Supplier of Non-Delinquency of Personal Property Taxes and City of Fairfield Income Taxes O.R.C. 5919.042" page 10 and "Non-Collusion Affidavit" page 11 of this packet.

Detailed Specifications

1. Height of Cut

Unless directed otherwise by the Parks Department Representative, the height of cut for all of the listed areas shall be 2.5" to 3". All debris must be picked up and properly disposed of before any mowing operations commence so the debris is not cut up and scattered by the mowing equipment. Any debris collection and removal incidental to mowing is the responsibility of the contractor and will not be paid or reimbursed by the City.

2. Trimming after Cutting of Grass

Trimming shall be done around all buildings, landscaping, trees, bushes (not incorporated in landscaping), sidewalks, driveways, and all other permanent fixtures within the cutting field.

Detailed Specifications Cont'd

3. Clean Up

After grass cutting, weeding, and/or trimming is performed, all clippings shall be blown out of any landscaped areas, landscaped beds, walks, drives, lots, etc. Clippings shall be blown off structure foundations and off the base of structure walls, including water tower legs and supports.

4. Frequency of Cut

Mowing will take place starting the first week of April or earlier as directed by the City and end the last week of October. There will be 25 times that the area could be mowed. Mowing and trimming shall be performed on a seven (7) to ten (10) day cycle during the growing season, depending on the weather conditions, or as directed by the Maintenance Coordinator.

Please check in with the Maintenance Coordinator the day of mowing every time the grass is cut. Have Maintenance coordinator sign off on paper work when cutting is completed.

5. Weather Conditions

The grass shall not be cut when weather conditions are such that it is not reasonable to expect the entire job will be completed. No cutting shall be done when the ground is soft and ruts will be left by the mowing equipment. Cutting will be done only as needed during long periods of drought. Check with the Parks Department Representative for approval to cut during periods of drought.

6. Working Hours and Crew Assignments

The contractor shall staff the work adequately and allot adequate time to accomplish the cutting of any location in one day to avoid a stepped appearance in the finished work. The City will pay per job price, no overtime or holiday pay will be provided.

If work is performed on or near sidewalk or roadway areas, it is required that the safety of the pedestrian and automobiles be observed closely. Work sites must be kept free of objects that can cause injury to individuals or damage to vehicles in the vicinity of the work area.
